VXT Series Reader

Soap Station Lite Series

The wall-mounted Soap Station Lite series offers a scalable set of systems designed to easily stock and sell soap, bleach, or fabric softeners at your laundry facility.

Systems are available in 2, 4, or 8-column models with each column holding a unique product. These machines include a durable metallic exterior with a plexiglass display section that clearly shows each column's contents.

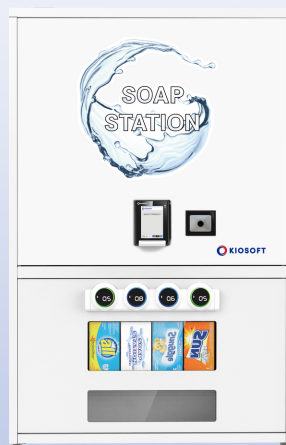

All models include the VXT Series Reader and are available with the option of adding the Sidecar module for Coin & Bill acceptance.
